Position Purpose

- The Skilled Plant Operator - Engineering is responsible for operating plant and equipment, including the Sweeper, associated with engineering maintenance and repair to the City's assets and infrastructure.

Stakeholder Engagement

- Operate as a part of a team, providing high quality customer service to residents and members of the public.
- Contribute to the achievement of corporate objectives by ensuring all stakeholders are dealt with in a professional and timely manner.

Corporate Responsibilities

- Demonstrate and champion behaviour that is consistent with the City's values.
- Through the delivery of outstanding service, maintain the City's reputation of customer service excellence.
- Work in a safe manner that will not endanger the health and safety of yourself, other workers or members of the public.
- Meet Work Health and Safety (WHS) and other legislative requirements in accordance with the parameters of the position.
- Report unsafe practices or hazards to supervisors or WHS representatives immediately.

- Support and promote a safe working environment, ensuring that safe working conditions and practices are in place at all times by taking personal ownership of safety.
- Carry out duties in accordance with the City's Code of Conduct and the protocols, procedures and guidelines that support it.
- Recognise our legal and moral responsibilities in keeping children safe from harm and promoting their best interests. It is expected that this position will adhere with the above statement and reporting obligations whilst completing their duties.
- Carry out all other duties as deemed reasonable and appropriate to the scope and classification of the role as directed from time to time.
- The City of Joondalup is committed to fairness, equity, diversity, and inclusion within all organisational practices and is an Equal Opportunity employer. We provide opportunities and support to build a diverse workforce and inclusive workplace that reflects the community we serve. The City encourages Aboriginal and Torres Strait Islander peoples, people of culturally and linguistically diverse backgrounds, people with a disability, people of all ages, sexualities and genders to apply for advertised positions.

Key Position Responsibilities

- Undertake activities in accordance with the business unit plan, project plan, other relevant plans and budgets and within agreed timeframes.
- Ensure all works are undertaken in a productive and timely manner in accordance with City guidelines, ISO 9001, specifications, procedures and adopted practices.
- Ensure diligence in relation to the use and user maintenance of plant and equipment in accordance with manufacturer's instruction and safe operating procedures.
- Ensure that traffic management operations are conducted safely and in accordance with the current Main Roads Code of Practice.
- Customer service is delivered in accordance with the City's Customer Service Charter and relevant protocols and procedures.
- Comply with WHS legislation, City protocols, procedures and other WHS related requirements, and actively support the City's safety systems.

Accountability and Extent of Authority

- This position works with limited supervision within procedures and guidelines.
- This position is able to make recommendations in plant operations and areas requiring works scheduling.
- This position is responsible for quality and standard of work performed, including productivity and safety.
- This position is responsible for the operation of specialist machinery.
- Solutions to problems generally found in precedents, guidelines or processes. Assistance available from supervisor.
- This position requires medium level decision making on technical aspects of plant and equipment.
